

# MOTIS

## PALLET DISTRIBUTION

Motis are able to offer pallet distribution from Dover to UK and Ireland at very competitive rates and with excellent service conditions.

Many of our clients arrive and deliver in the UK then return empty for reloading in Benelux. By using the Motis pallet distribution service the longer distance part loads can be taken care of so your vehicle can reload sooner.

Many destinations are on a NEXT DAY basis and cargo handling is available 24 hours a day. Collections are also available for consolidation at Dover.

Contact [pallets@motisfsa.com](mailto:pallets@motisfsa.com) for further information, postcode map and full tariff.
